One of today’s hottest food trends is slaw, in any unique and funky way you can dress it. What better way to add flare to a burger or kick up the flavor in a classic side dish? From neighborhood food trucks to hip bistro, chefs everywhere are breaking out fresh new slaw recipes, whether it’s old-school with a twist, going abroad with Asian fusion or ethnic specialty slaws.

Globe can conquer these new culinary frontiers with our G12 Slicer and Slaw Tray. Like all Globe food prep equipment, it makes creating signature dishes much easier. Use it to deliver a tried-and-true slaw to pair with classic barbecue, or get adventurous with tacos by throwing in a fresh new flavor. Any way you slice it, it’s all about the slaw.

We Came,

We SLAW,

We Conquered
